Big Spring Independent School District District Improvement Plan

2018-2019

Accountability Rating: D

Board Approval Date: November 6, 2018 **Public Presentation Date:** October 26, 2018

Mission Statement

Excellence is Expected of ALL!

Vision

Relentlessly "Steer"ing students towards a successful tomorrow!

Value Statement

The Core Principles that will guide the decisions of the school system are:

- Recruit and Retain Highly Qualified Staff.
- Maintain Integrity and Professionalism at all Times.
- Provide a Caring and Safe Environment.
- Ensure Instructional Time is Valued.
- Provide Ongoing Meaningful Professional Development.
- Design and Deliver Relevant and Engaging Instruction.

Comprehensive Needs Assessment

Demographics

Demographics Summary

Big Spring Independent School District (BSISD) serves approximately 4,000 students with diverse backgrounds that include approximately 25.2% Caucasian students, 65% Hispanic students, and 12.6% African American Students. In the past two years, enrollment as increased due to the increased activity in the oil and gas industry in Howard County. Early education services within BSISD are very important but only makes up .4% of the enrollment.

Demographics Strengths

BSISD serves several special programs within many of the district campuses. Some of these programs are: Advanced Placement (AP), Pre-AP, dual credit courses, a wide variety of electives, Success School, and a disciplinary alternative campus. Additionally, BSISD serves approximately 8.7% of its students requiring special services and an ever-increasing population of English Language Learners (ELL) 3.0%.

Problem Statements Identifying Demographics Needs

Problem Statement 1: Special Education students failed 3-8 STAAR core areas in a range from 84-60% and STAAR EOC core areas in a range from 88.7-57.9% **Root Cause**: Lack of interventions to improve skills needed for progress on the state assessment.

Problem Statement 2: 54-75% of ESL students failed to meet the state standard in the core content areas on 3-8 STAAR. **Root Cause**: Lack of quality Tier I instruction incorporating ELPS/SIOP strategies

Problem Statement 3: The number of LEP students in U.S. schools multiple years composite score at the beginning/intermediate is 8 out of 46 tested. **Root** Cause: Lack of quality Tier I instruction incorporating ELPS/SIOP strategies

Student Achievement

Student Achievement Summary

The 2017-2018 school year introduced a new accountability system under the new Texas Education Agency's accountability rating system. Big Spring ISD has struggled in the previous few years but BSISD received a state rating of "Met Standard" in the 2017 school year. The new accountability system rates districts on an A-F scale across three domain ratings based upon overall student achievement (including college, career, and military readiness), individual student progress (only at campus level) and/or relative performance, and closing the performance gaps. BSISD received a score of 64 equal to a D rating.

The new accountability system allows districts to celebrate the areas in which they perform well by computing the highest score achieved among Domain 1, Domain 2a or Domain 2b. BSISD missed a C rating in Domain 2a (relative performance) by 1 point. BSISD was rated an F in student achievement and in closing the gaps but earned a D in student progress. The district will work to increase scores district-wide through an emphasis on teaching strategies supported at the campus level including daily PLCs and aggressive data monitoring along with Tier 1 instructional support from both the district and regional levels.

Student Achievement Strengths

The district continues a focus on improving students achievement through data analysis conducted through regular checkpoints at all grade levels. These assessments are to be analyzed based upon student achievement in correlation with the readiness, supporting, and process standards that are covered in classes each assessment period. Interventions for students who do not meet the level of performance to show continued and spiraled success should be applied immediately to assist in meeting deficiencies and to make sure that the TEKS are covered appropriately.

The district uses Data Management for Assessment and Curriculum (DMAC) to analyze data within the district. Information can be analyzed from district, campus, class, and sub-population levels. Additionally, the data can be analyzed down to the student expectations and students can be placed into intervention groups to assist teachers in tracking their data on a continual basis throughout the school year.

Problem Statements Identifying Student Achievement Needs

Problem Statement 1: 42%- 64% of Title 1 students failed to meet the state standards in the core content areas of 3-8 STAAR. **Root Cause**: Lack of quality Tier 1 instruction

District Culture and Climate

District Culture and Climate Strengths

- 1a. The majority of students enjoy attending school, feel a strong sense of belonging, and believe they are treated with respect by the teachers; therefore, BSISD students feel great pride.
- 1b. The culture and morale of our teachers mirrors that of our students. There is a growing sense of pride and high expectations for teachers and students alike.
- 2. Survey results indicate that students and staff members are in agreement when it comes to the district's vision and mission. The majority of stakeholders are in agreement with the high expectations established by the district.
- 3. Most students and staff feel respected, supported, and a sense of belonging.
- 4. A decrease in major discipline infractions which often resulted in students being pulled from instruction.
- 5. Students and staff strongly believe BSISD provides are caring and safe environment for all stakeholders.
- 6. Overall, students and staff both feel that our district maintains high expectations for all stakeholders in all areas: academic, behavioral, and social. Secondary students are extremely involved and experience success in various extra-curricular activities.
- 7. K-4 students seem to be more satisfied with the school's culture and climate based on the higher attendance rate for elementary students. This is also evident due to the smaller number of ISS, OSS, and expulsions in elementary campuses. Within this, students who are fairly successful in school and have parents/guardians who have a positive few of education are definitely more satisfied with our schools.
- 8. When PLC's are functioning well, continuity in classroom management and organization becomes more uniform. Student achievement increases as quality practices are implemented.
- 9. Generally, secondary students are more consistently involved in extracurricular activities and clubs. These students are usually students who are more successful academically and socially and who usually have more parental support.
- 10. Student and staff perceptions of facilities and physical environments are positive and complimentary. This perception instills pride in the BSISD community.

Staff Quality, Recruitment, and Retention

Staff Quality, Recruitment, and Retention Summary

With the current situation in the oil field and in Howard County it is becoming increasingly more difficult to recruit and retain highly qualified teachers. The turnover rate has steadily increased over the last several years but dropped by 4% this last year. We feel that we are making strides to recruit and retain highly qualified teachers.

Staff Quality, Recruitment, and Retention Strengths

- 1. Teachers must have a bachelor's degree. We prefer to hire certified teachers, but frequently the market makes it necessary for us to hire individuals with bachelor's degrees and help them affiliate themselves with an alternative certification program. All teachers and paraprofessionals must pass a criminal background check.
- 2. The general data reflects that we have a very inexperienced teaching staff. The majority of our teaching faculty has less than five years experience.
- 3. In addition to the formal PDAS conferences, teachers are provided with periodic feedback from Steer-walks. Any time a teacher satisfies three of five criteria during a Steer-walk, an email to the teacher is generated, congratulating them on their performance. After 15 Steer-walks, a teacher receives an email identifying instructional trends.
- 4. The district will utilize job fairs, radio appeals, newspaper articles, Social Media, newspaper ads, and multiple teacher net based job boards to recruit.
- 5. We have typically put our strongest teachers in classrooms with the greatest need. We have an additional certified special education teacher or paraprofessional provide support for special education students in inclusion classrooms.
- 6. We have a new teacher orientation. The curriculum department also supported the new teachers by assigning mentor teachers, monthly new teacher academy meetings, and classroom visits. In 2018, BSISD began a 2nd year teacher academy to further new teacher support in the classroom.
- 7. We look carefully at student assessment data and teacher surveys to determine our professional development needs.

Curriculum, Instruction, and Assessment

Curriculum, Instruction, and Assessment Strengths

- 1) The district utilizes the TEKS Resource system to lay out a Scope and Sequence for the curriculum by grade level/subject area. Elementary schools have a common lesson plan template designed by curriculum to vertically and horizontally align instruction, keep track of studeny achievement, performance, document lessons plans and planning documents. High school, junior high, and intermediate school utilize common planning periods to plan lessons and assessments together.
- 2) Data is pulled from DMAC at least in 3 week increments from Check Points. Additionally, end of year STAAR scores can be broken down in a number of ways from DMAC. NWEA in grades K-6 provides ongoing feedback throughout the year as well (for tiered intervention tracking). RTI tracking data is uploaded to DMAC. Formative assessments should be ongoing throughout the year through instruction and observations. Lead4Ward supplies a map of highs and lows in data (Heat Map).
- 3) The Scope and Sequence of the TEKS Resource system provides a framework and working knowledge on the academic vocabulary required by subject/grade levels. There is a district-wide common assessment calendar to keep everyone on track.
- 4) 3 weeks common assessments and the PLCs that follow each should pinpoint areas of weakness and strength in learners. Data is compiled through DMAC so that it is easily accessed and broken down.
- 5) A centralized curriculum department disseminates and coaches other teachers on the campuses. Curriculum support specialists help with especially reading and math teachers in aligned instruction and activities across the district. Requiring PD common across the district has given staff a common vocabulary and vision for instructional delivery. The team also creates district wide checkpoints.
- 6) RTI/enrichment interventions with retired teachers, secondary tutorials are built into the schedules (double blocking as a possibility), after school interventions, summer school, extended school year, before school interventions, and computer support programs. Most of these interventions are designed for struggling learners, and over time, the mission is to assist students in closing the gaps in learning.
- 7) A well designed lesson should include hands-on, minds-on, purposeful learning. When the learning is relevant to the student, they will retain and learn better.
- 8) Assessment questions are pulled from a number of resources (including STAARONE, TEKS Resource System, and TAG).
- 9) Using lead4ward to gain insight into how to utilize data from STAAR and checkpoints as well as intentional test review.
- 11) Utilize on demand professional development, including instructional strategies for reteaching.

Parent and Community Engagement

Parent and Community Engagement Strengths

- 1. All campuses hold both a Back to School Meet the Teacher Night as well as a Fall Open House each year. Parents and students are encouraged to attend these events in order to meet their student's teachers as well as become more familiar with the school in general.
- 2. Elementary campuses host monthly Parent Read Nights inviting parents to come read with their child. Often, extra-curricular high school students are also in attendance in order to foster positive role models for younger students.
- 3. We work with a local 501c3, Food 2 Kids to provide meals to approximately 380 children on weekends.

We also have a summer breakfast and lunch program that provides free meals to our students and inexpensive meals for our parents.

- 4. Some of our families speak Spanish in the home. We also have three or four families with hearing impaired family members. who speak sign language. As for communicating with those families, we provide sign language interpreters at school functions. Many of our written communications with parents are sent home in English and Spanish.
- 5. We make referrals to local social agencies ie. MHMR and CPS. In addition to relationships with these local government agencies, we also make referrals to local licensed family counselors when appropriate.
- 6. Food 2 Kids, The Boys and Girls Club, the YMCA, and the city of Big Spring are all community organizations the district works with to serve families. We also work closely with local media to keep the community informed. Each of our campuses also distributes a weekly newsletter to parents. The weekly newsletters provide tips for helping students with school work.

District Context and Organization

District Context and Organization Strengths

- 1. The district provides operational flexibility to campus leaders to ensure campus leaders take ownership of their campus and are afforded the autonomy to lead their campus in a common district direction. The district curriculum team is structured to support campus leaders with professional development based upon observational and instructional data. Each campus within the district is equipped with technology in the classrooms designed to promote student engagement and increase instructional rigor. The district has positioned itself in a very competitive position, as compared to area districts with regard to teacher and instructional support salaries.
- 2. Data provides information on breakdown of students' academic achievement, grade levels, ethnicity, socioeconomic status, teacher experience, teacher salaries, etc.
- 3. An awareness of individual student needs has resulted in the creation of schedules that incorporate additional instructional assessment time for teachers. The increased awareness of individual student needs also resonates in schedules that allow for increased intervention periods for struggling learners.
- 4. Each campus has a site-based decision committee and a campus leadership team that is composed primarily of teachers. Teachers also participate in district site-based decisions and serve on the district site-based committee. Teachers are regularly polled for input regarding instructional programs and program evaluations.
- 5. The role of the teacher is to create classroom assessments designed to measure student growth and conceptual understanding of concepts taught. Teachers have full autonomy to create classroom assessments designed to gain this insight.
- 6. Committees are scheduled after school hours to allow for participation of staff and community members normally unavailable during the regular workday.
- 7. The perceptions would vary greatly among the individuals listed. Most parents and community members would agree that the district is focused on the best interest of the students and that the district is continually improving based upon student and faculty needs.
- 8. School expectations reveal a sense of urgency and a focus on a goal-oriented environment, utilizing data-driven instruction to increase school/district effectiveness.

Technology

Technology Summary

Data infrastructure upgrades are underway district-wide and the installation and full utilization of instructional technology tools in the elementary classrooms are proceeding. The district is currently undergoing leadership changes in the technology department and developing a new long range technology plan.

Technology Strengths

BSISD has a very strong data infrastructure which is standardized which includes all electronics. All professionals have a dedicated computing device with access to Wi-Fi.

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Current and/or prior year(s) campus and/or district improvement plans
- Campus and/or district planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Domain 1 Student Achievement
- Domain 2 Student Progress
- Domain 3 Closing the Gaps
- System Safeguards and Texas Accountability Intervention System (TAIS) data
- Critical Success Factor(s) data
- Accountability Distinction Designations
- Federal Report Card Data
- PBMAS data

Student Data: Assessments

- State and federally required assessment information (e.g. curriculum, eligibility, format, standards, accommodations, TEA information)
- State of Texas Assessments of Academic Readiness (STAAR) current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR Released Test Questions
- STAAR EL Progress Measure data
- Texas English Language Proficiency Assessment System (TELPAS) results
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Postsecondary college, career or military-ready graduates data
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- PSAT and/or ASPIRE
- Student Success Initiative (SSI) data for Grades 5 and 8
- SSI: Istation Indicators of Progress (ISIP) accelerated reading assessment data for Grades 3-5 (TEA approved statewide license)
- SSI: Think Through Math assessment data for Grades 3-8 and Algebra I (TEA approved statewide license)
- Running Records results

• Observation Survey results

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress for each group
- Special Programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically Disadvantaged / Non-economically disadvantaged performance, progress, and participation data,
- Male / Female performance, progress, and participation data
- Special education population, including performance, discipline, progress, and participation data
- Migrant population, including performance, progress, discipline, attendance, and mobility
- At-Risk population, including performance, progress, discipline, attendance, and mobility
- EL or LEP data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender, etc.
- Career and Technical Education (CTE) data, including academic achievement, progress, program growth, race, ethnicity, gender, etc.
- Section 504 data
- Homeless data
- Gifted and talented data
- Dyslexia Data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Violence and/or violence prevention records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback
- School safety data

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- State certified and high quality staff data
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

• T-TESS

Parent/Community Data

- Parent surveys and/or other feedback
- Parent Involvement Rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices
- Action research results
- Other additional data

Goals

Goal 1: All student groups at BSISD will perform at or above the Meets Grade Level Standard on the STAAR.

Performance Objective 1: BSISD will use data and instructional best practices to increase the number of students passing and also increase the number of students reaching both the Meets and Masters Grade Level Performance Standards in each subgroup on the State of Texas Assessments of Academic Readiness.

Evaluation Data Source(s) 1: District Assessments and STAAR Data

Summative Evaluation 1:

TEA Priorities: 2. Build a foundation of reading and math. 4. Improve low-performing schools.

Strategy Description	Monitor	Strategy's Expected Result/Impact		Formative Reviews				
			Oct	Feb	May			
Critical Success Factors CSF 1 CSF 2 CSF 4 CSF 6 CSF 7 1) BSISD will continue to use Lead Your School processes to improve instruction and ultimately increase performance on state standardized tests.	Campus Administration, Department Heads, Counselors, School Improvement	STAAR results, Steer Walk Data, Checkpoint Data, Instruction based on fundamental five						
Critical Success Factors CSF 1 CSF 2 CSF 4 CSF 7	Campus Administration, Assistant Superintendent	STAAR results, War Room, PLC Data, Lesson plans, check points, mile markers						
2) BSISD will continue to use Lead4ward planning and strategies to increase the rigor and relevance of lessons to ultimately increase performance on state standardized tests.								
Critical Success Factors CSF 1 CSF 2 CSF 4	Campus Administration, Special Programs Coordinator	STAAR results, RtI reports, ExactPath, Mathletics, NWEA growth						
3) BSISD will continue to provide enrichment and Response to Intervention (RtI) to students to ultimately increase performance on state standardized test.								
= Accomplished = Considerable = Some Progress = No Progress = Discontinue								

Goal 2: BSISD will determine the professional development and support needs of our workforce to ensure the goals of our district are met.

Performance Objective 1: BSISD will recruit and maintain a highly qualified staff according to ESSA and/or SBEC standards, and will actively participate in professional development.

Strategy Description	Monitor	Strategy's Expected Result/Impact		Formativ Reviews				
			Oct	Feb	May			
Critical Success Factors CSF 6 1) Bully prevention training will be conducted for teachers, PK-12, and students will be exposed to bully prevention through various programs PK-12.	Campus Counselors, Curriculum Department, Assistant Superintendent	Student and parent feedback, Stay Alert reports, StopIt reports						
Critical Success Factors CSF 5 CSF 6 2) Counselors will increase teacher, student, and parent awareness and warning signs of issues regarding sexual abuse (K-12) and dating violence (8-12) using resources developed by TEA on prevention of sexual abuse.	Campus Administration, Counselors	Observations, Student Surveys, Parent Surveys						
Critical Success Factors CSF 6 3) Behavior intervention counseling with at-risk students on all campuses.	Campus Administration, Special Education Director	Log of activity.						
= Accomplished = Considerable = Some Progress = No Progress = Discontinue								

Goal 6: BSISD will coordinate with Region 18 ESC, the Migrant Fiscal Agent, in order to provide all migrant students who met the Priority for Services (PFS) eligibility criteria with quality academic support programs to create a positive impact on student achievement.

Performance Objective 1: 100% of PFS students will have access to supplemental instructional and support services.

Evaluation Data Source(s) 1:

Summative Evaluation 1:

Strategy Description	Monitor	Strategy's Expected Result/Impact	Formati Review		
			Oct	Feb	May
Critical Success Factors CSF 1	All Migrant Education Program (MEP) Staff	Participants List			
1) Provide training to all Migrant Education Program administrators and other staff on the significance and requirement by TEA to generate, print, and share Priority for Services Reports with all instructional personnel working with migrant students.					
Critical Success Factors CSF 7	District Migrant Contact	Participants List			
2) Conduct a presentation at the districts beginning of the school year required staff development to inform all district personnel of the definition of PFS students and significance of prioritizing all instructional services for these students for compliance issues.					
Critical Success Factors CSF 1 CSF 5	All MEP Staff District Migrant Contact	Preliminary Family Needs Assessment Form, PFS Migrant Student Assessment, Migrant Student Monitoring			
3) Determine individual needs of every migrant identified student and family for instructional and support services; identify available resources to address said needs; coordinate with campus administrators, other district staff, and local entities to ensure that each child and family has access to the appropriate services; and follow-up to monitor and document progress.					

	D:	la contra Positivo de la contra la c		—
Critical Success Factors CSF 1	District Migrant Contact	Contact Log, Participants List		
4) Coordinate training for migrant students, teachers, and campus administrators to inform them of individual needs of migrant students in their class and on their campus. Stress the significance of prioritizing all instructional services for these students to meet specific needs.				
Critical Success Factors	All MEP Staff, District	Contact Log		
CSF 5	Migrant Contact			
5) Make periodic home visits to update parents on the academic progress of their children.				
Critical Success Factors	All MEP Staff, District	Migrant Student checklist with Resources provided Migrant Student		
CSF 1	Migrant Contact	Monitoring		
6) Coordinate with available programs offering options for credit accrual and recovery to ensure that migrant secondary students are accessing opportunities available to earn needed credits and make up coursework, which is lacking due to late arrival and/or early withdrawal. Student participation must not interfere with core classes.				
7) Ensure consolidation of partial secondary credits, proper course placement, and credit accrual for on-time graduation, including accessing and reviewing academic records from NGS	All MEP Staff, District Migrant Contact	Graduation Plan, School Records		
Critical Success Factors CSF 1	All MEP Staff, District Migrant Contact	Migrant Student Monitoring, Counseling Notes, PFS Student Assessment		
8) Monitor academic progress of migrant students while working cooperatively with district administrators and staff to implement a total instructional and supportive program that addresses the specific needs of migrant students. Maintain documentation of services provided for Compliance Reporting.				
Critical Success Factors CSF 1 CSF 2 CSF 4	All MEP Staff, District Migrant Contact	TMIP Student Referral Form (if applicable)		
9) Coordinate with school staff and the Texas Migrant Interstate Program (TMIP) to ensure that migrant students who have failed TAKS/STAAR in any content area are accessing local, intrastate, remediation.				
10) Generate PFS report for every SSA district in the region on a monthly basis and submit and/or mail to the SSA district migrant contact.	Migrant Specialists	NGS PFS Reports		
11) SSA district disseminates a copy of the PFS report to the appropriate campus personnel.	District Migrant Contact	NGS PFS Reports		

Goal 7: BSISD will utilize technology as a tool to foster improvement in academic achievement, curriculum integration, and increased accessibility and innovation.

Performance Objective 1: The district will strive to have 100% of students achieve academic success through the use of technology.

Evaluation Data Source(s) 1:

Summative Evaluation 1:

Strategy Description	Monitor	Strategy's Expected Result/Impact		Formative Reviews	
			Oct	Feb	May
1) Develop a long range technology plan with increased wireless accessibility for productivity.	Technology Department	Improved student engagement			
2) Implement a learning management system (ie Google Classroom, Schoology, etc.) for all teachers and students in all secondary schools.	Secondary Principals Technology staff	Increased student engagement and achievement.			
3) Instruct students enrolled in an alternative education setting through a blended learning model using an online curriculum.	Alternative School Principal Technology Staff				
4) Provide a credit recovery program using a web-based curriculum tied to state standards.	Secondary Principals Curriculum Department Technology Staff				
5) Require professional development for teachers in instructional technology models/methods.					
= Accomplished = Considerable = Some Progress = No Progress = Discontinue					

Goal 7: BSISD will utilize technology as a tool to foster improvement in academic achievement, curriculum integration, and increased accessibility and innovation.

Performance Objective 2: The district will develop/revise a long range technology plan including a perpetual refreshment/replacement program.
