Class of 2020 BSHS and Anderson Accelerated Graduation Information

Steer Nation:

Listed below you will find information relating to the upcoming BSHS and Anderson Accelerated 2020 graduation ceremonies. Mr. Ritchey, BSHS Principal, will be reaching out in the near future with more specific details, instructions, and his staff will even be producing instructional videos for both parents and students (since the state will not allow school districts to have a practice before the actual ceremony). Mrs. Wagner, Anderson Accelerated Principal will be doing the same thing for her parents and the students receiving their diploma from Anderson.

As I mentioned in my website video, the state is indeed allowing schools to have outdoor graduation ceremonies, but these ceremonies must follow the guidelines and restrictions laid out from the state and the Texas Education Agency. Our staff has worked hard and has put together an outstanding plan for graduation, and I truly believe all of our 2020 graduates and their parents will be extremely pleased with the results. This is an unprecedented graduation ceremony for an unprecedented time, but we are striving to make it one that you will all remember for many years to come.
