

2022 Log In and Learn More

Dear parents and families,

As you know, our students took the STAAR tests earlier this spring. The STAAR is one of many ways to measure student learning. Teachers will use STAAR results along with other information to co-create learning plans with families to jumpstart learning next year.

Starting on June 24th, you will be able to access your child's STAAR results by logging into TexasAssessment.gov.

Directions for Accessing Student Test Results on TexasAssessment.gov

Four Steps

1. Visit **TexasAssessment.gov**.
2. Click “**Lookup unique access code**” and log in.
3. Review your child's STAAR results and the personalized resources to support learning at home.
4. At the beginning of the school year, discuss the test results with your child's teacher and work together to support your child's learning.

Entering Step 2 will take you directly to your child's STAAR results, which will include detailed breakdowns in each subject, identifying your child's strengths as well as areas where they may need additional support. Parents have shared that seeing which questions their child got incorrect has been the most useful. You will also see easy to use resources that can be used at home over the summer focused on the skills your child needs the most support with.

We encourage you to log in and learn more any time beginning June 24th. Use this information along with your own observations from the past year and your child's grades to create a learning plan with teachers in the fall to help your child succeed.

We wish you and your family a healthy and restful summer.

For more information about STAAR or to access your child's test results, visit TexasAssessment.gov.

Sincerely,

[Principal Name]
